How to Update State Tax Rate and Deposit Settings in Rippling

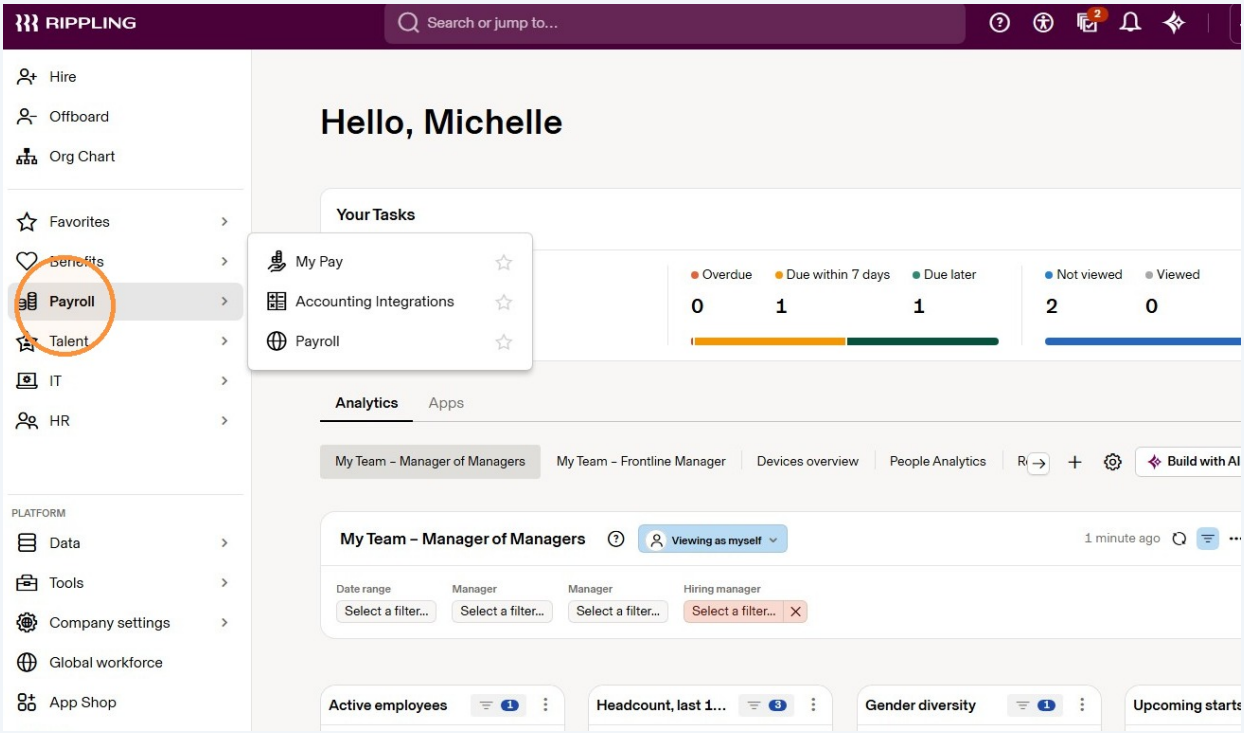

Learn how to accurately update your state tax unemployment rate or withholding deposit schedule directly within your Rippling dashboard. This guide ensures your payroll filings remain compliant with the latest requirements from the state.

1 Navigate to your Rippling dashboard.

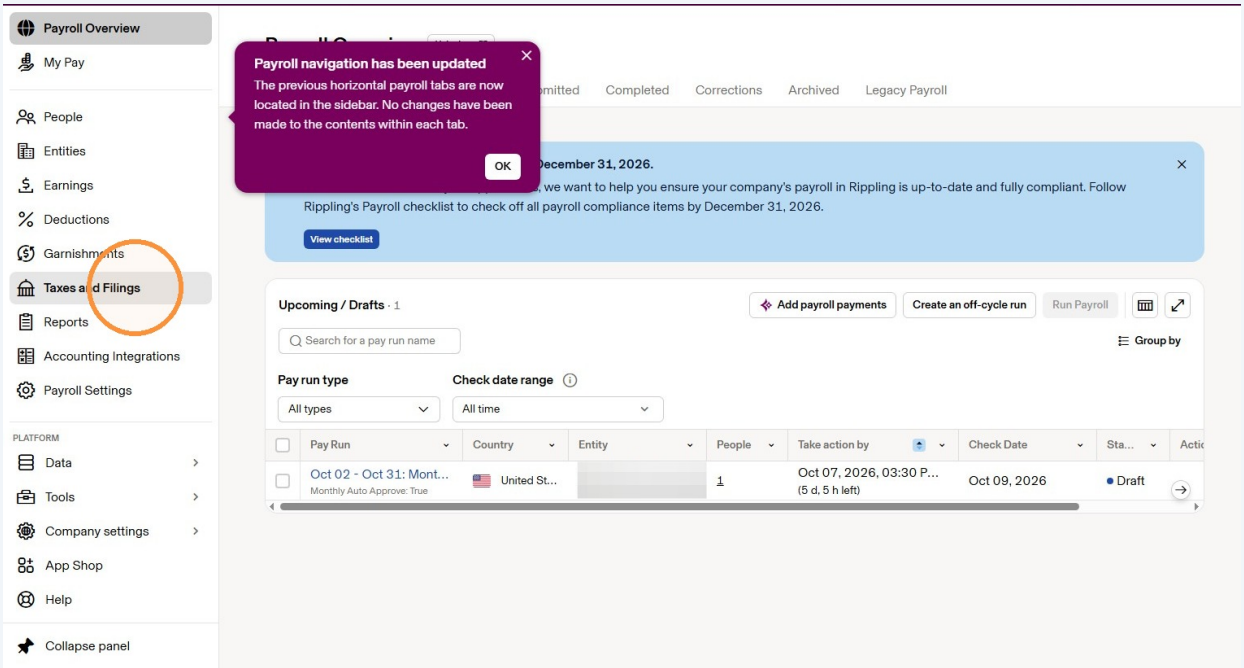

Payroll Navigation

2 Click "Payroll"

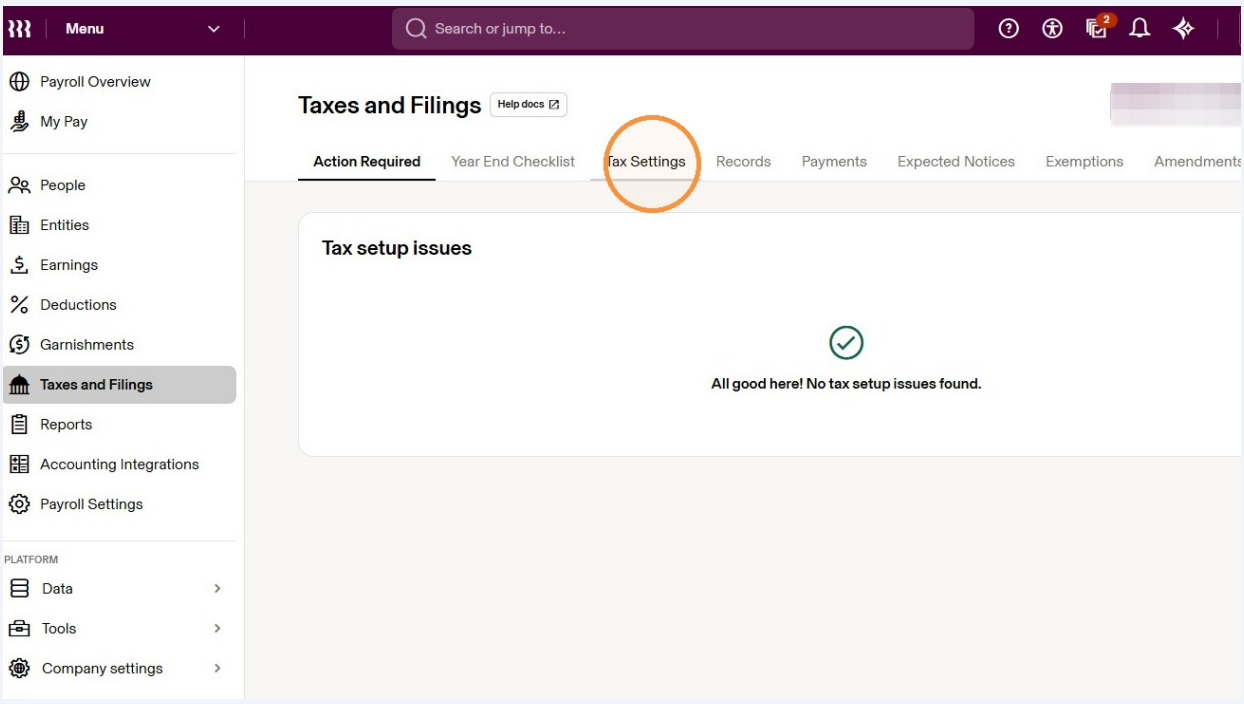

3 Click "Taxes and Filings"

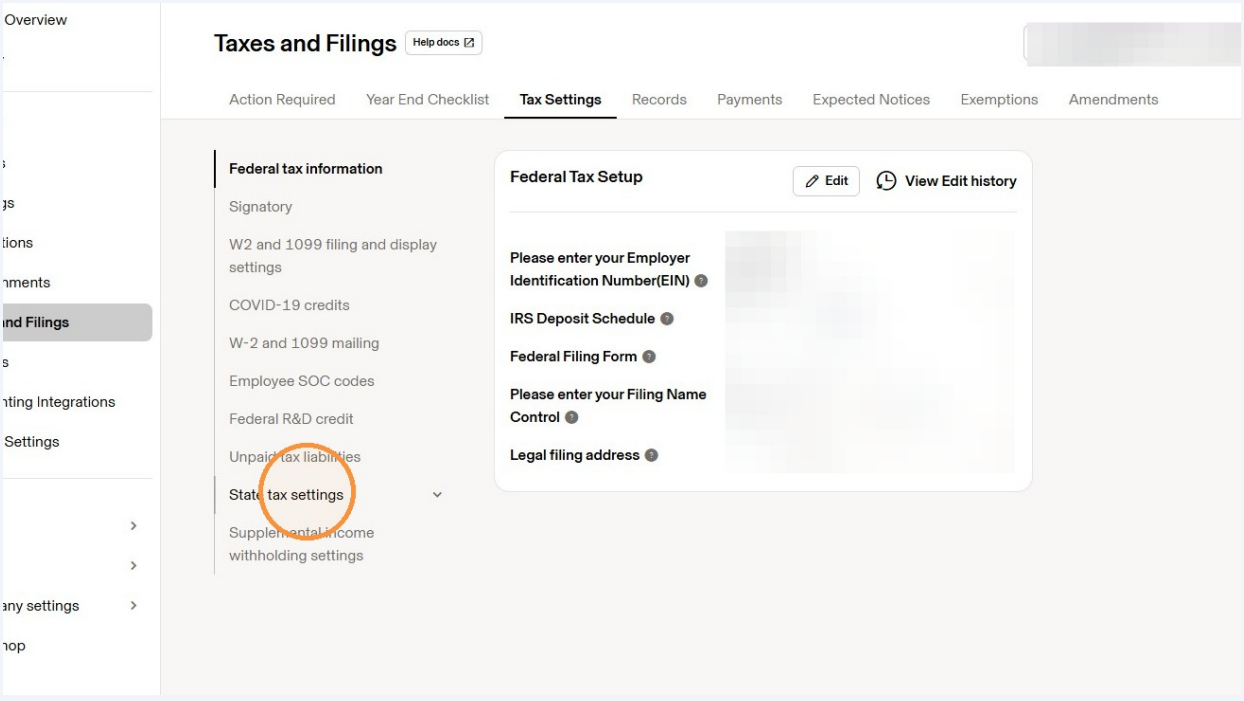

Tax Settings

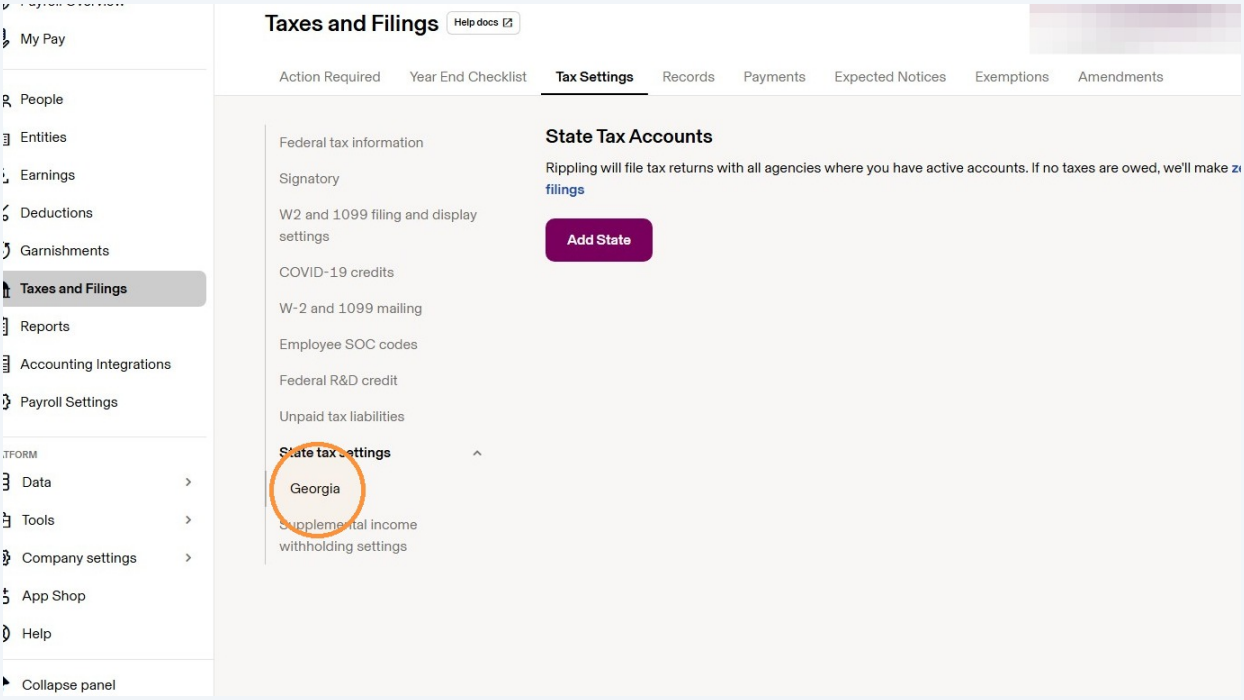

4 Click "Tax Settings"

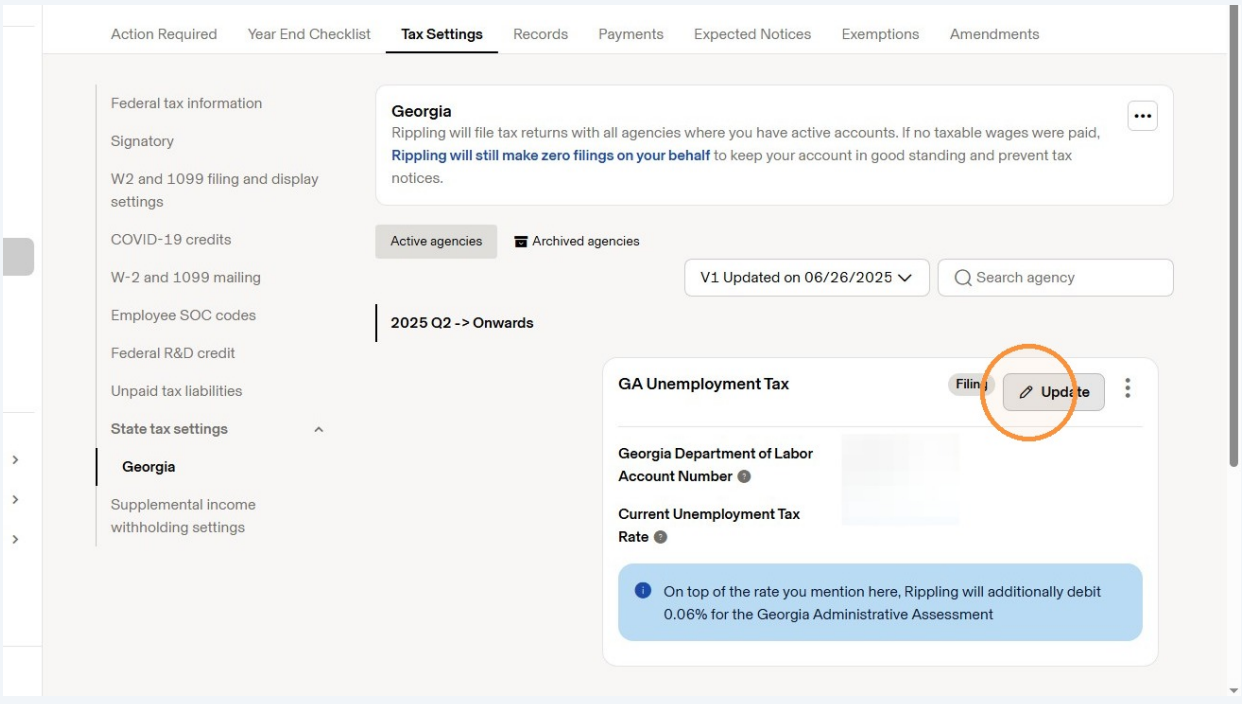

5 Click "State tax settings"

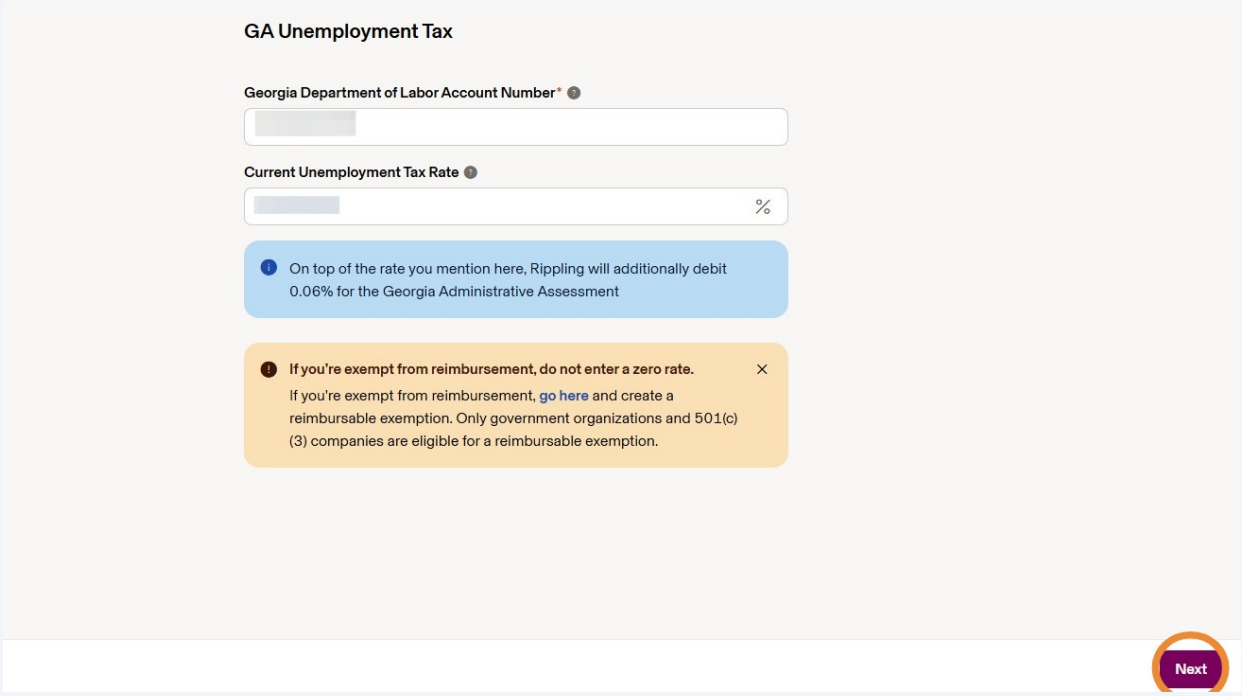

6 Click the state you need to update.

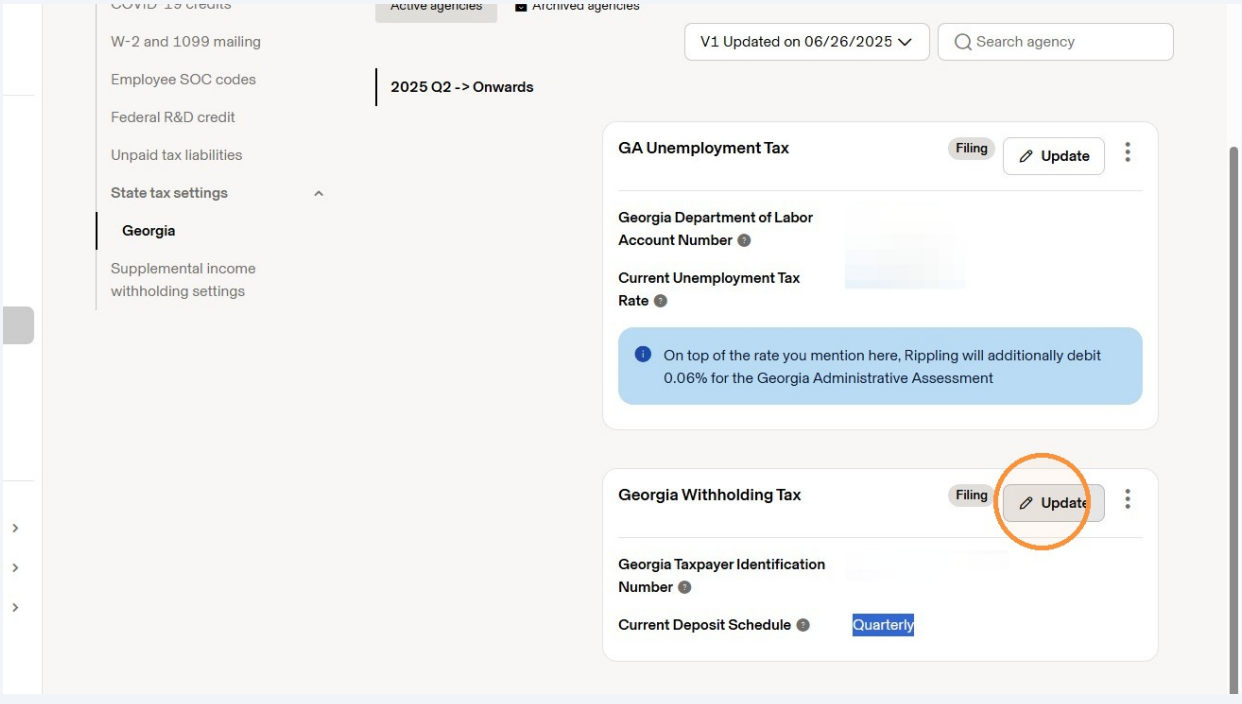

7 Click Update for the state Unemployment Tax if you need to update the rate.

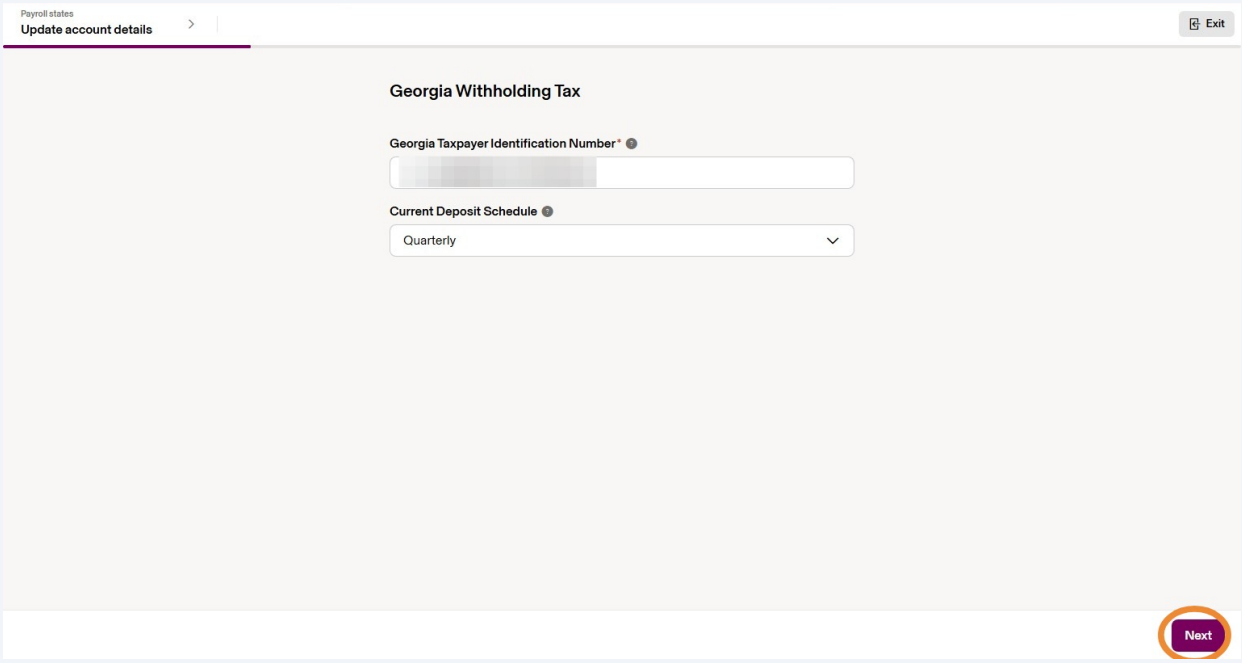

8 Click Next to continue once you've updated the rate and follow the rest of the onscreen prompts.

9 If you need to update the Deposit Frequency, scroll to the applicable state Withholding Tax section. Click "Update".

10 Update to the applicable deposits schedule in the dropdown and hit "Next". Follow the on screen prompts.

11 If you get stuck or have questions along the way, you can always start a chat session in the upper right hand corner.
