

This is an email blast to all our amazing individual clients... if you have already submitted everything that we need for Form 1040 tax return preparation, then carry on, make a nice maple old fashioned and have a wonderful weekend. If you've already requested an extension, then you too can carry on and have a wonderful weekend (but no old fashioned for you, 30 days!).

But... if you have not sent us your everything then this email is for you! We kindly ask you read all of this (you might have to scroll)-

For the timely filing of your individual tax returns, we will need your tax information by **Thursday, March 25**. Yeah... about 3 weeks from now... not too bad. At the risk of sounding like Mom, we suggest getting started right away. Please visit our website for worksheets and checklists-

If you know you cannot get everything gathered in time or if you are feeling a bit overwhelmed, we can electronically file a tax return extension. Please keep in mind that an extension to file is not an extension to pay taxes (Texas has some amnesty due to the ice storm and terrible Dallas Cowboys prospects, and some states are providing separate relief as well like California). If an extension sounds like a good plan, please use this link-
